BW - Lightfastness rating (6 - GOOD, 7 - VERY GOOD, 8 - EXCELLENT), V - Vegan Friendly.

Derwent uses the Blue Wool test (ISO 105) to evaluate lightfastness. Lightfastness refers to the chemical stability of a pigment under long exposure to light. A scale of 1-8 is obtained, with values of 6 or higher being considered to be highly lightfast and, under museum conditions, will not fade for 100+ years.
